

Neuroengineering 2019-2020

Exam 17 September 2020 – Part II

How to submit your answers.

Most answers can be typed in the Exam.net editor.

Write the answers in the same sequence as the questions (A1, A2, ... B1, B2, ...) and write the same headers as the test on a separate line just above your answer, e.g.:

```
Problem A
A1
<your answer to question A1 goes here>
A2
<your answer to question A2 goes here>
...
...
```

Textual answers must be typed in the editor. When graphical elements are required in the answer, the latter can be written on paper and scanned using your mobile phone at the end of the exam.

It should always be possible to use a single sheet of paper for all answers to a specific problem. Anyway, always use separate sheets of paper for problems A and B.

Keep your answers tidy. Messy, hard-to-read answers may penalize your mark.

Your answers should not exceed the length recommended in each question.

Answers significantly longer than requested may reflect poor understanding of the problem, and thus will likely receive a lower mark.

The maximum total score for part II is 11.
